## Superdry plc

Superdry is a successful international brand of clothing featuring American- and Japanese-inspired graphics. In 2018, over 4800 people were employed by the company, which is committed to high quality. Superdry's policies include one against discrimination in its workforce and another to support employee retention.

The company uses many different distribution channels. These include:

- 135 Superdry stores across the UK and Europe
- Superdry's own website
- other retailers, including Next in the UK, which allows the brand to reach new customer groups.

Superdry regularly invests in its own stores. To keep its retail stores exciting and encourage customers to visit, there is a regular re-fit programme. In 2017, the company spent £41.4m on store-related investment, including the re-fitting of 11 stores.

The company faces competition from retailers of all sizes, ranging from sole traders to other public limited companies.

### **EDF**

EDF is a limited company which supplies gas and electricity to homes and businesses throughout the UK. It is the largest producer of low-carbon electricity in the UK and owns two fossil fuel power stations, three wind farms and eight nuclear power stations.

In 2016, EDF started to build the new Hinkley Point C nuclear power station in Somerset, which will eventually provide 7% of the UK's electricity needs for 60 years. Managers at EDF expect it to open in 2025.

During the construction stage, the project has created thousands of jobs. A number of these construction jobs are filled by self-employed workers. Once it is fully operational, the power station will employ over 900 people, most of whom will be employed by EDF.

EDF produces around 20% of the UK's electricity and is the largest supplier. As EDF operates in a competitive market, the price that it charges its customers is very important.

## **Best Foot Forward Ltd (BFF)**

Best Foot Forward Ltd (BFF) operates five stores in the north-west of England, selling shoes (such as ballet and tap) for adult dancers. Up until 2017, the business was growing, due to its reputation for quality products.

A new Managing Director, Jessie Thompson, was appointed six months ago to reverse the recent poor performance of the business.

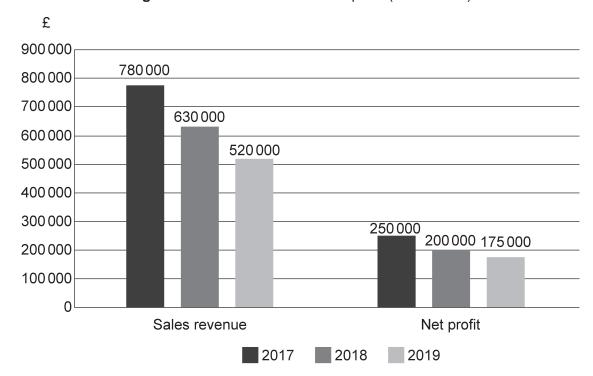

Fig. 1 BFF sales revenue and net profit (2017–2019)

BFF has never sold dance shoes for children and Jessie would like to expand into this market. Another business, specialising in selling children's dance shoes, closed down three months ago. Jessie is also concerned by market research which suggests that customer service is poor in BFF's stores. All store managers have been told to attend a five-day off-the-job training course on customer service.

To support the launch of the children's range, Jessie plans to create a new position of Marketing Manager (Children's Shoes) who will work alongside the Marketing Manager (Adults' Shoes). This employee will be recruited internally, despite many former employees from the children's shoe retailer which closed down still being out of work.

Table 1 gives some data about the recruitment of staff within BFF.

#### Copyright Information

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download from our public website (www.ocr.org.uk) after the live examination series.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.

For queries or further information please contact The OCR Copyright Team, The Triangle Building, Shaftesbury Road, Cambridge CB2 8EA.

OCR is part of the Cambridge Assessment Group; Cambridge Assessment is the brand name of University of Cambridge Local Examinations Syndicate (UCLES), which is itself a department of the University of Cambridge.
