Mark Scheme for June 2022

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include AS/A Levels, Diplomas, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

MARKING INSTRUCTIONS**PREPARATION FOR MARKING****RM Assessor**

1. Make sure that you have accessed and completed the relevant training packages for on–screen marking: *RM assessor Online Training*; *OCR Essential Guide to Marking*.
2. Make sure that you have read and understood the mark scheme and the question paper for this unit. These are posted on the J352/12 training site.
3. Log–in to RM3 and mark the **required number** of standardisation responses.

YOU MUST MARK 10 STANDARDISATION RESPONSES BEFORE YOU CAN BE APPROVED TO MARK LIVE SCRIPTS.

TRADITIONAL

Before the Standardisation meeting you must mark at least 10 scripts from several centres. For this preliminary marking you should use **pencil** and follow the **mark scheme**. Bring these **marked scripts** to the meeting.

MARKING

1. Mark strictly to the mark scheme.
2. Marks awarded must relate directly to the marking criteria.
3. The schedule of dates is very important. It is essential that you meet the RM3 50% and 100% (traditional 50% Batch 1 and 100% Batch 2) deadlines. If you experience problems, you must contact your Team Leader (Supervisor) without delay.
4. If you are in any doubt about applying the mark scheme, consult your Team Leader by telephone, email or via the RM3 messaging system.

5. Crossed Out Responses

Where a candidate has crossed out a response and provided a clear alternative then the crossed out response is not marked. Where no alternative response has been provided, examiners may give candidates the benefit of the doubt and mark the crossed out response where legible.

Rubric Error Responses – Optional Questions

Where candidates have a choice of question across a whole paper or a whole section and have provided more answers than required, then all responses are marked and the highest mark allowable within the rubric is given. Enter a mark for each question answered into RM assessor, which will select the highest mark from those awarded. *(The underlying assumption is that the candidate has penalised themselves by attempting more questions than necessary in the time allowed.)*

GCSE English Literature specific guidance:

Extract-based questions

Where a candidate has not moved beyond the extract, the mark awarded cannot move beyond Level 3. Where a candidate has referred briefly to the wider text, the mark cannot move beyond Level 4. Your comment should include: 'has not referred to wider text'.

Discursive questions

Where a candidate has only referred to one moment from the text, the mark awarded cannot move beyond Level 3. Where a candidate has referred briefly to a second moment, the mark cannot move beyond Level 4. Your comment should include: 'few references to wider text'.

Longer Answer Questions (requiring a developed response)

Where candidates have provided two (or more) responses to a medium or high tariff question which only required a single (developed) response and not crossed out the first response, then only the first response should be marked. Examiners will need to apply professional judgement as to whether the second (or a subsequent) response is a 'new start' or simply a poorly expressed continuation of the first response.

6. Always check the pages (and additional objects if present) at the end of the response in case any answers have been continued there. If the candidate has continued an answer there then add a tick to confirm that the work has been seen.

7. Award No Response (NR) if:
- there is nothing written in the answer space

Award Zero '0' if:

- anything is written in the answer space and is not worthy of credit (this includes text and symbols).

Team Leaders must confirm the correct use of the NR button with their markers before live marking commences and should check this when reviewing scripts.

8. If you have any questions or comments for your Team Leader use the RM3 messaging system, or e-mail.
9. Assistant Examiners will send a brief report on the performance of candidates to their Team Leader (Supervisor) via email by the end of the marking period. The report should contain notes on particular strengths displayed as well as common errors or weaknesses. Constructive criticism of the question paper/mark scheme is also appreciated.
10. For answers marked by levels of response:
- To determine the level** – start at the highest level and work down until you reach the level that matches the answer
 - To determine the mark within the level**, consider the following:

Descriptor	Award mark
On the borderline of this level and the one below	At bottom of level
Just enough achievement on balance for this level	Above bottom and either below middle or at middle of level (depending on number of marks available)
Meets the criteria but with some slight inconsistency	Above middle and either below top of level or at middle of level (depending on number of marks available)
Consistently meets the criteria for this level	At top of level

12. Subject-specific Marking Instructions

INTRODUCTION

Your first task as an Examiner is to become thoroughly familiar with the material on which the examination depends. This material includes:

- the specification, especially the assessment objectives
- the question paper and its rubrics
- the texts which candidates have studied
- the mark scheme.

You should ensure that you have copies of these materials.

You should ensure also that you are familiar with the administrative procedures related to the marking process. These are set out in the OCR booklet **Instructions for Examiners**. If you are examining for the first time, please read carefully **Appendix 5 Introduction to Script Marking: Notes for New Examiners**.

Please ask for help or guidance whenever you need it. Your first point of contact is your Team Leader.

ASSESSMENT OBJECTIVES

Candidates are expected to demonstrate their ability to:

AO1	<p>Read, understand and respond to texts.</p> <p>Students should be able to:</p> <ul style="list-style-type: none"> • maintain a critical style and develop an informed personal response • use textual references, including quotations, to support and illustrate interpretations.
AO2	<p>Analyse the language, form and structure used by a writer to create meanings and effects, using relevant subject terminology where appropriate.</p>
AO3	<p>Show understanding of the relationships between texts and the contexts in which they were written.</p>

USING THE MARK SCHEME

Please study this Mark Scheme carefully. The Mark Scheme is an integral part of the process that begins with the setting of the question paper and ends with the awarding of grades. Question papers and Mark Schemes are developed in association with each other so that issues of differentiation and positive achievement can be addressed from the very start.

This Mark Scheme is a working document; it is not exhaustive; it does not provide 'correct' answers. The Mark Scheme can only provide 'best guesses' about how the question will work out, and it is subject to revision after we have looked at a wide range of scripts.

The Examiners' Standardisation Meeting will ensure that the Mark Scheme covers the range of candidates' responses to the questions, and that all Examiners understand and apply the Mark Scheme in the same way. The Mark Scheme will be discussed and amended at the meeting, and administrative procedures will be confirmed. Practice scripts will be issued at the meeting to exemplify aspects of candidates' responses and achievements; the practice scripts then become part of this Mark Scheme.

Before the Standardisation Meeting, you should browse a number of scripts, in order to gain an impression of the range of responses and achievement that may be expected.

Please read carefully all the scripts in your allocation and make every effort to look positively for achievement throughout the ability range. Always

be prepared to use the full range of marks.

INFORMATION AND INSTRUCTIONS FOR EXAMINERS

- 1 The practice scripts provide you with *examples* of the standard of each band. The marks awarded for these scripts will have been agreed by the Team Leaders and will be discussed fully at the Examiners' Standardisation Meeting.
- 2 The specific task-related indicative content for each question will help you to understand how the band descriptors may be applied. However, this indicative content does not constitute the mark scheme: it is material that candidates might use, grouped according to each assessment objective tested by the question. For each specific task, the intended balance between different assessment objectives is highlighted in the Mark Scheme: dominant assessment objectives are flagged, or where assessment objectives are equally weighted, this is flagged, too. It is hoped that candidates will respond to questions in a variety of ways and will give original and at times unexpected interpretations of texts. Rigid demands for 'what must be a good answer' would lead to a distorted assessment.
- 3 Candidates' answers must be relevant to the question. Beware of prepared answers that do not show the candidate's thinking and which have not been adapted to the focus of the question. Beware also of answers where candidates attempt to reproduce interpretations and concepts that they have been taught but have only partially understood.
- 4 Candidates' answers should demonstrate knowledge of their chosen texts. This knowledge will be shown in part through the range and relevance of their references to the text (bearing in mind that this is a closed text examination). Re-telling sections of the text without commentary is of little or no value.

INSTRUCTIONS TO EXAMINERS:**A INDIVIDUAL ANSWERS**

- 1 The INDICATIVE CONTENT indicates the sort of material candidates might use in their answers, but be prepared to recognise and credit unexpected and alternative approaches where they are relevant.
- 2 Using 'best-fit', decide first which set of **LEVEL OF RESPONSE BAND DESCRIPTORS** for the relevant assessment objectives assessed in the task best describes the overall quality of the answer. In Unit J352/01, the AOs have different intended weightings in the different sections:

Component	% of GCSE				Total
	AO1	AO2	AO3	AO4	
19 th century prose	11.67	13.33	8.33	0	33.3

Keep in mind the intended weightings of assessment objectives targeted by the question when initially identifying the correct Level of Response band. For each specific task, the intended balance between different assessment objectives is highlighted in the Mark Scheme: dominant assessment objectives are flagged, or where assessment objectives are equally weighted, this is flagged, too. Using 'best-fit', adjust the mark within the band according to the dominant (if applicable) assessment objectives following the guidelines below:

- **Highest mark:** If clear evidence of all the qualities in the band descriptors is shown, the HIGHEST Mark should be awarded.
- **Lowest mark:** If the answer shows the candidate to be borderline (i.e. they have achieved all the qualities of the bands below and show limited evidence of meeting the criteria of the band in question) the LOWEST mark should be awarded.
- **Middle mark:** This mark should be used for candidates who are secure in the band. They are not 'borderline' but they have only achieved some of the qualities in the band descriptors.
- Further refinement can be made by using the intervening marks, if appropriate.

- 3 Be prepared to use the full range of marks. Do not reserve high band marks 'in case' something turns up of a quality you have not yet seen. If an answer gives clear evidence of the qualities described in the band descriptors, reward appropriately.

B TOTAL MARKS

- 1 Transfer the mark awarded to the front of the script.
- 2 The maximum mark for the paper is **40**.

C RATIONALE FOR ASSESSING AO3

Candidates will have knowledge of contextual factors for their studied texts and will use this to develop their response to the question. Candidates should only refer to contexts that are relevant to the specific question asked. The questions are worded to prompt candidates to consider relevant social, historical or cultural contexts, or relevant generic literary contexts, such as the conventions of science fiction writing or the Gothic.

1	<p><i>Great Expectations</i> by Charles Dickens</p> <p>Explore the ways in which Dickens presents sympathy for Magwitch, in this extract and elsewhere in the novel.</p> <p><i>Please bear in mind that other content may be equally valid and should be credited.</i></p> <p>AO1:</p> <ul style="list-style-type: none"> Exploration of Magwitch's physical condition e.g. 'the prisoner's wet clothes' as well as the indifference shown to him by the Officer 'merely observing.' Consideration of the relationship between Pip and Magwitch and Pip's realisation of the bond between them 'that was my place henceforth.' Links to the wider text to explore sympathy for Magwitch may include: the plight of Magwitch as a convict at the beginning the novel and him protecting Pip over the stolen food, Magwitch as Pip's benefactor, Magwitch's treatment in court at the end of the novel and his ultimate death. <p>AO2:</p> <ul style="list-style-type: none"> Exploration of the language used to de-humanise Magwitch in the eyes of the law e.g. 'the prisoner' and 'carried down...put on board.' Consideration of the love conveyed between Pip and Magwitch in this moment, Pip's protective love 'hunted wounded shackled creature' and the physical bond between them 'who held my hand in his.' also of Pip's realisation of the good in Magwitch 'affectionately, gratefully, and generously.' Consideration of the contrast in lexical fields associated with Magwitch e.g. Magwitch as a convict compared to Magwitch as a father figure to Pip. <p>AO3:</p> <ul style="list-style-type: none"> Understanding of Dickens' interest in the criminal justice system and the plight of prisoners in 19th Century England. Consideration of the novel as a <i>bildungsroman</i> and the transformation of Pip's appreciation of what it means to be a real gentleman. 	40
