# **GCSE MARKING SCHEME**

---

**SUMMER 2022**

**ENGLISH LITERATURE UNIT 2B  
HIGHER TIER  
3720UC0-1**

## **INTRODUCTION**

This marking scheme was used by WJEC for the 2022 examination. It was finalised after detailed discussion at examiners' conferences by all the examiners involved in the assessment. The conference was held shortly after the paper was taken so that reference could be made to the full range of candidates' responses, with photocopied scripts forming the basis of discussion. The aim of the conference was to ensure that the marking scheme was interpreted and applied in the same way by all examiners.

It is hoped that this information will be of assistance to centres but it is recognised at the same time that, without the benefit of participation in the examiners' conference, teachers may have different views on certain matters of detail or interpretation.

WJEC regrets that it cannot enter into any discussion or correspondence about this marking scheme.

# GCSE ENGLISH LITERATURE UNIT 2B HIGHER TIER

## SUMMER 2022 MARK SCHEME

### GENERAL INFORMATION

#### Prior to on-screen marking

**The first priority is for you to become thoroughly familiar with the material on which the question paper is based.** Examiners are asked to go carefully through the examination paper and mark scheme prior to the actual marking process and to consider all questions on the paper. You are also required to mark about ten of each item in training mode. In this mode, you will be able to practise using the on-screen comment bank. Needless to say, a thorough knowledge of the texts themselves is the prime requirement of examiners.

Further guidance on the training process is issued separately.

#### Online marking

WJEC will be using a method of marking examination scripts known as e-Marker ® for this paper. Under this system, candidates' scripts are scanned and then transmitted to examiners electronically via the internet. Examiners mark on-screen; marked responses and marks are then submitted electronically.

Whilst the basic principles remain unchanged, this method entails some important changes to the way the system operates when examiners mark on paper:

- Examiners do not mark complete scripts. Instead, scripts are divided into segments by question (item), and are transmitted to examiners in this form.
- In terms of technical requirements, examiners participating will need a personal computer running on Windows Vista or Version 7/8/10 and a broadband internet connection. With an Apple Mac a Windows emulator is required.
- For further details, please see the user guide available on e-Marker ® when you log on. Details of how to log on to the system and your username and password have been sent separately.

#### General Advice to Examiners

1. Familiarise yourself with the questions, and each part of the marking guidelines.
2. Be positive in your approach; look for details to reward in the candidate's response rather than faults to penalise.
3. Ticks and comments must show how you have judged the quality of an answer. **All comments must be based on the assessment criteria for the examination and taken from the comment bank.** As you read the candidate's response, annotate using the on-screen comment bank as appropriate. Remember that your mark at the end of the response must tally with the skills that you have identified.
4. Tick points you reward. You are also required to include a summative comment at the end of the response and enter the mark. There must always be a comment at the end of each question. This should not simply echo the mark but indicate the salient features of the candidate's performance. These comments will be based on the criteria established by the Principal Examiner for this paper and taken from the comment bank.
5. You must tick at the end of the response to show all of the response has been seen.

## Marking Problems

6. If for any reason you have particular problems in marking a response (e.g. unlikely interpretation, handwriting) you should follow the instructions for reporting a problem.
7. Please be mindful of wrong tier responses. The numbering of questions on the Higher tier and Foundation tier questions is different. A response that has an incorrect question number may well be a wrong tier response. In these instances, you should follow the instructions given through the examiner training for checking and reporting the problem. For Unit 1, the option to view the whole paper should be used to clarify the poems set for the poetry question as these will correlate with the tier.

## Marking positively

8. Please approach the marking of scripts with an open mind and mark **positively**. All the questions provide opportunities for candidates to make informed, independent responses, and such opportunities need to be recognised in your marking. You must evaluate what is offered by the candidate, using the criteria, but without looking for what might have been presented or for what you might have written in the candidate's place. Some questions are relatively open, so it is particularly important in such instances that you are receptive to a range of responses.

## Assessment Objectives

- AO1** Respond to texts critically and imaginatively; select and evaluate relevant textual detail to illustrate and support interpretations
- AO2** Explain how language, structure and form contribute to writers' presentation of ideas, themes and settings
- AO4** Relate texts to their social, cultural and historical contexts; explain how texts have been influential and significant to self and other readers in different contexts and at different times

### 'Best fit' marking

The work for this unit should be marked according to the assessment criteria using a 'best fit' approach. For each of the assessment objectives, examiners select one of the band descriptors that most closely describes the quality of the work being marked.

- Where the candidate's work *convincingly* meets the statement, the highest mark should be awarded.
- Where the candidate's work *adequately* meets the statement, the most appropriate mark in the middle range should be awarded.
- Where the candidate's work *just* meets the statement, the lowest mark should be awarded.

**Examiners should use the full range of marks available.**

## Unit 2B BAND CRITERIA (Contemporary drama and literary heritage prose)

The following descriptions have been provided to indicate the way in which progression within the three criteria is likely to occur. Each successive description assumes demonstration of achievements in lower bands. You are asked to place work initially within a band and then to fine-tune using the marks within the band. It is recognised that work will not always fit neatly into one of the descriptions.
